Dear Brother & Sister, **JOHN [MCCALL]** & **MAY [REID]** and Family

Just a line to show you are not forgotten after all your kindness when we was at your place and how **WILLIE** did enjoy that visit.

**WILL**, he has gone for his reward only a little before us for he is not lost only gone before we sang the hymn that is on the card the night before he went home to be with Jesus his was a peaceful end.

We shall miss him but our loss is his gain. He has gone to be with his savior whom he loved. I have Mary at home with me so it is not so lonely.

There is such sorrow all around through this war. **MILLER MCCALL**, cousin **JOHN**'s oldest son was killed the 19th of May. His parents feel it very much especially his mother, you remember she is blind.

All the rest of the relatives that are in the war are safe so far as we know.

I am thankful to say all the family is well, God has indeed been good to me, more than I deserve but His loving kindness knows no bounds and I ought to praise Him all the day long for has he not saved me and kept me by his grace and power these many years.

Now forgive his scribble, **MARY** joins me in love to all the family and your two selves.

From your loving sister,

**JANET [GOURLAY]**
