[REGULATIONS UNDER THE ACT OF JUNE 7, 1832]

JOSEPH ROWEN

War, Rev, Pension, JOHN MCKENZIE W1049

State of Mississippi
DeSoto County

On this the 26th day of October 1846 personally appeared before me **DAVID J. WHITE** one of the acting Justices of the Peace in and for said county, Mrs. **MARTHA MCKENZIE** a resident of Carroll County, Tennessee, now on a visit at her daughter's in said DeSoto County, aged seventy one years the 8th day of January last, who doth on her oath make the following declaration in order to obtain the benefits of the provisions made by the Act of Congress passed July 7th 1838, March 3rd 1843, June 17th 1844 and the Joint Resolution 23rd of January 1845 granting half pay and pensions to certain widows.

That she is the widow of **JOHN M. MCKENZIE** who was a pensioner of the United States at the rate of four hundred and eighty dollars per annum and drew his pension in Jackson, the state of Tennessee, for services rendered during the Revolutionary War.

She further declares that she was married to the said **JOHN M. MCKENZIE** in a former declaration made by her in 1843 on the twentieth day of December, seventeen hundred and ninety two (1792) in Washington County, state of Georgia.

That her husband, the said **JOHN M. MCKENZIE**, died in Carroll Co., Tennessee on the fifth day of November, eighteen hundred and forty two (1842), that since his death she has not intermarried and still remains a widow of him, the said **JOHN M. MCKENZIE**, deceased.

That she was not married to him prior to him leaving the service, but that the marriage took place previous to the first day of January 1794; to wit at the time above states she further declares that she has no documentary or record proof in support of her claim except an old work sample which is now at her residence in Carroll County, which sample she had previous to her marriage and which contains the precise date of her marriage to the said **JOHN MCKENZIE**, worked with a needle in letters and figures thus:

PATSEY BONNER was born the 8 day of January 1775 and also married the 20 day of December 1792 to Mr. **JOHN M. MCKENZIE**, which she thinks is, as well as she recollects is the precise entry on said sample, though it may not be word for word as above given, but is the same in substance, not having the said sample with her.

That when she was married she had the said the said sample and made the said entry thereon, but a few weeks after she was married, she also started to enter the date of the birth of her brother **JAMES BONNER**, but did not finish it, and said sample has also the full alphabet worked on it, both in large and small letters, which alphabet she had worked on said sample before she was married.

War, Rev, Pension, JOHN MCKENZIE W1049

She further states that after she was married her husband, the said **JOHN M. MCKENZIE**, kept a family record which did contain the date of her marriage & births of their children, which record was accidentally burnt upwards of twenty years ago.

She further states that her first child, **JEREMIAH H. MCKENZIE**, was born the 6th day of November, 1793.

She further states that in the year 1843 she did make a declaration claiming a pension in right of her said husband, to which declaration she was qualified to in open court in Carroll County, Tennessee, and which was sent with several affidavits in support of her claim to the department by her son, **JEREMIAH H. MCKENZIE**, who has since informed her that the claim was rejected.

She also attaches, hereto, the obituary notice of her husband's death.

Dear Sir,

I want to ascertain the dates of the death of **JOHN MCKENZIE** and of his widow **MARTHA MCKENZIE**.

JOHN MCKENZIE was a soldier in the Revolutionary War and died about, or near, the year 1840 in Carroll County, Tennessee, and probably belonged to the Georgia Volunteer Troops. His widow, **MARTHA**, died sometime between 1850 and 1855 in Carroll County, Tennessee, and was on the pension roll.

If there names are not on the pension rolls of these dates for the Revolutionary Wary, they are on the rolls for the soldiers of the War of 1812, but I have been informed that he was in the Revolutionary War. I would be pleased to have a certified statement of the dates of their respective deaths, as they appear on the pension rolls, at as early day as possible.

Return this letter with your reply.

Washington, DC

November 21st, 1885

Sir,

Yours of the 11th inst is received requesting a certified statement of the death of **JOHN MCKENZIE** and his widow, **MARTHA**, both formerly living in Carroll County, Tenn. Who it is supposed, received pensions on account of his services in the war of the Revolution.

An examination of the records of this office show that applications for pension were received from a Revolutionary Soldier and his widow, while living in Carroll County, Tenn. who bore the above names, but the soldier does not state that he belonged to the Georgia Troops, although after the war he resided in that state.

If it is desired to use the certified statement of their death in litigation or in a case in a court, the request for the same should be made by the clerk of the court, but if is not to be used, you will please state your object in obtaining it, and if you are not a descendant of the soldier, proper authority from those that are descendants, specifying their relationship, should be filed.

There is an authenticated statement of the pensioner, **JOHN MCKENZIE**, but not of his widow, perhaps the certified statement could be obtained, on application to the third auditor, who is the custodian of the vouchers on which payments are made to pensioners.

Very Respectfully,

Commissioners

State of Tennessee
Carroll County

Declaration of **JOHN MCKENZIE** in order to obtain the benefit of the act of Congress passed June 7th, 1832, on this day appeared in open Court Col. **JOHN MCKENZIE**, a resident of the County of Carroll & State of Tennessee who being first duly sworn according to law doth make the following Declaration.

This declarant states that in the year 1776 in the County of Halifax and State of Virginia declarant and between fifteen & twenty other young men the exact number not now recollected, agreed to volunteer and join the United States troops then employed in the service of the United States. Declarant states that by this company he was elected their Capt. and took up the line of march and went to Portsmouth at which place there was then stationed a number of regiments. This declarant and his young company was attached to the 5th Regiment then commanded by Major **PARKER**, the Colonel not recollected, and mustered in the Company of Capt. **TALBOTT**.

This declarant does not now fully recollect the whole of the officers in command there at that time, but recollects that the 6th Regiment was commanded by Col. **BUCKNER** and the whole Brigade commanded by Gen. **LEWIS**, as my company was not large enough in number to be kept as a separate company they were principally attached to the Company of Capt. **TALBOTT** and the General appointed this declarant Issuing Commissary to the Company and some time thereafter the Army, to which declarant was attached, was ordered to march from Portsmouth and did so they marched to Springfield from thence to the deep Spring from thence to Point Comfort & from thence to Williamsburg, at this latter place declarant became sick after serving a tour of twelve months from this point declarant returned home & in the year 1777, as well as declarant can now recollects, he went into the state of South Carolina, and after being there some short time living and superintending the Iron Works of **HILL** and **HAYNE**. He was in that year again elected Capt. of a volunteer company in which capacity he served two years more, there company was commanded by Col. **THOMAS SUMTER**, whom this declarant voted for that office, Col. **SUMTER** gave this declarant a commission wrote and signed by said Col. at this period Gen. **LINCOLN**, commanded the southern division, but during the Service of this declarant in the Command aforesaid Col. **SUMTER** was elected or promoted to the command and title of General **SUMTER** and with him and under his command declarant in company of five or six regiments marched to Rocky Mount when the British and Tories had a strong post or fortified Fort this place was attacked by the then command of General **SUMTER** but without effect as the American troops were repulsed. In this attack Col. **NEAL** and many other Brave men lost their lives. After this Repulse the Army crossed the Catawba for the purpose of recruiting. After three or four days rest the line of march was taken up for the purpose of forming a junction with General **GATES** and joining his Army. This was in the summer of 1780 but before we reached him he and his troops were defeated at Camden by the British forces under the Command of Lord **CORNWALLIS**. In two or three days we were met by the British under the command of Col. **TALTON** [**TARLETON**] an engagement took place which Resulted in the defeat of the American troops. The American

War, Rev, Pension, JOHN MCKENZIE W1049

Troops then recrossed the Catawba re-county retreating & recruited some forces and returned to the South in marching where to they had many Engagements and skirmishes one at the Hanging Rock one at **RIDGELY's** Mills [**RUGELEY**] at the latter place the American troops were successful and took many prisoners & in all which tour and service this declarant acted in the capacity of Capt. At these mills declarant fell in company and got acquainted with Col. **WILLIAM WASHINGTON** and other officers of the Continental Army. After this engagement declarant with his company was ordered by Gen. **SUMTER** to go and guard the Ironworks of **HILL & HAYNE**, at which place there was a large quantity of cannon shot and other articles necessary and intended for the American Army. While at this station declarant was attacked by a regiment of the British and Tories commanded by Col. **GORDON** and Capt. **HOOK** [**HUCK**] & who, after all the resistance that could be made, defeated declarant & his company and destroyed the works. Declarant marched immediately and joined Gen. **DAVIDSON** in Mecklenburg County in the State of North Carolina. Declarant acted under the command of Gen. **DAVIDSON** as contractor for Salisbury District and with an express agreement that declarant was to act as Capt. in any engagement which the forces under Gen. **DAVIDSON** might have with the enemy. In a short time after this appointment the forces under Gen. **DAVIDSON's** command met the British forces under Lord **CORNWALLIS** at Beatties Ford on the Catawba River at which place an engagement took place which resulted in the defeat of the American Army and the loss of our General who fell in the Engagement in this engagement declarant as Capt. of a company. After the fall of Gen. **DAVIDSON** the command devolved upon Gen. **PICKENS** who retreated with the Army to widow **TORRENCE's**, seven miles from the battleground. We were pursued by Col. **TARLETON** and overtaken when another engagement took place where we were again compelled to retreat and give way to superior discipline and force. Here we lost about one hundred of our men in killed, wounded, and prisoners. We then marched and joined the Army under Gen. **NATHANIEL GREENE** at Dan River this was some time in the beginning of the year 1781 declarant continued under the command of Gen. **GREENE** from that time until the Battle of Guilford. At this battle this declarant acted as one of the aides of Gen. **GREENE** in consequence of some indisposition of one the General's aides who was unable to act for him on that day this battle was fought in the month of March 1781 as well as declarant now recollects. From this battleground the Army under the command of Gen. **GREENE** retreated for some miles and again drew up in order to give battle to the British who it was expected were in pursuit of us. But we soon had information that the British Army were on their retreat from the Battle ground. The Army of Gen. **GREENE** not then being in a situation to pursue the British as we were then exhausted and out of Military Stores declarant at that time was known in the American Army by the name of the Big Virginia Captain. General **GREENE** then and, as soon as it was ascertained that the British were retreating, sent for declarant and gave him the command of five volunteer militia companies who volunteered their services with instruction to this declarant to keep the British forces under the command of the Lord **RAWDON** at Camden in check, or to annoy, their march until the whole American Army could be got in good order to overtake them or join the companies. Thus [illegible] declarant went with his companies thus [illegible] but when the declarant and his troops arrived at the state line his men refused to go any further here his pursuit ceased.

War, Rev, Pension, JOHN MCKENZIE W1049

At the time this declarant parted with Gen. **GREENE**, Gen. **GREENE** and his forces with the exception of those sent with declarant were on their line of march after Lord **CORNWALLIS** & his troops. When declarant ascertained that the militia under his command refused to cross their state line he relinquished the command and immediately went to see his old friend and acquaintance Gen. **SUMTER**, who at that time was confined in Charlotte by a wound which he had received in the shoulder some short time before. Gen. **SUMTER** gave declarant, on his arrival, a Capt.'s commission in the state troops of Light Dragoons of South Carolina. Declarant immediately set out and in about ten days enlisted one hundred men for ten months and immediately joined the main Army under the command of Gen. **SUMTER**, then on the Congaree. Declarant attached his Company to the Regiment then Commanded by Col. **WILLIAM HILL**. The regiment to which this declarant was attached marched in company with the regiment's commanded by Col. **LEA [LEE] & WASHINGTON** against the British post at New market and had an engagement with them and defeated them. We also had an Engagement at Camden also at Orangeburg and other places and took large quantities of stores and munitions of War, which was deposited at Camden under the care of Capt. **GODFREY ADAMS**. In some short time after this declarant was ordered by Gen. **SUMTER** to take command of the Stores at Camden at which place. Declarant continued until the Stores were dispersed off, when declarant returned to camps again. At this time, on account of the number of men killed and many whose terms of service had expired, what was then called a consolidation took place amongst the officers of the Army. I had then in the Army, in which I was in service, a brother older than myself holding also the command of Capt. then known in Army by the name of Capt. **WILLIAM MCKENZIE**. Declarant saw that both himself and brother should not have commands as there were many valiant and brave man equally entitled compelled by this motive. Deponent allowed his older brother the Command. But declarant, at this time, being desirous to promote his country's cause and having been long in the habit of commanding companies and detachments of men, declarant thought he could, in that situation, render most benefit his cause in company with Capt. **ROBERT TATE** and some other officers set out with the Army of General **SUMTER** and again joined the Army under Gen. **GREENE** at Jacksonborough and joined a regiment commanded by Col. **DeMALMEDY**, in which service, declarant continued until the Army of Gen. **GREENE** was disbanded or discharged in the year 1782, as well as this declarant now recollects. Thus declarant states that from the beginning of the year 1776 until the disbanding of the Army of the South to which he was attached in the year 1782 the whole of this Period with the Exception of about one year and a half was by this declarant spent in the plains and tented fields with his brothers in Arms defending his Country's wrongs. Deponent states that for about the space of five years he spent in the Service of his Country he never was lower in command than as a Capt. and when he acted in higher it was only for temporary or urgent purposes. This declarant states that during the whole of his Services he acted for his Country as a volunteer in her Service.

Sir,

Yours of 11th instant is received informing me that the pension of **MARTHA MCKENZIE**, widow of **JOHN MCKENZIE**, had been increased under the Acts of 1838, 1843, & 1844 from \$200 to \$480 per annum and instructing me to pay her at the increased rate, under each of said Acts, deducting all former payments. **JOHN MCKENZIE** received his pension at this office up to 5 November 1842, the time of his death, at the rate of \$480 per annum. **MARTHA MCKENZIE** received her pension at this office, under the Act of 7 July 1838, from 4 March 1836, to 4 March 1841, at the rate of \$200 per annum – does she receive \$280 per annum in addition for those 5 years? **JOHN MCKENZIE** having received his pension up to 1842, and **MARTHA MCKENZIE**, his widow, a pension during the same time. Is there not an error in this?

Under the Acts of 1843, & 1844, she received a pension from 4 March 1843 to 4 March 1848 at \$200 per annum – under these Acts I suppose she receives an increased pension of \$280 per annum – **JOHN MCKENZIE** not having drawn any pension during that time.

On making my statement, shewing the amount of funds that would probably be required to pay pensions during the year ending September 15, 1849, these increased pensions were not taken into consideration since that time, the Act of 2 February 1848 has been passed, and several pensioners place on the roll under that Act, also some arising from the Mexican War, none of which were reported, so that a much larger sum will be required to pay the pensioners at this office on the 4th of March next, than was anticipated at that time.

I have to request that you will again refer to her case as the pension agent **J. M. Therefore as she is anxious to get the amount which Mr. **CAMPBELL** withholds, I request that you will refer to his letter of January and answer it so that Mrs. **MCKENZIE** can get her money.

Your Letter relative to the money due Mrs. **MARTHA MCKENZIE**, widow of the late Capt. **JOHN MCKENZIE**, deceased, which is withheld by **JOHN W. Will you therefore address him again on the subject and direct him to pay the full amount due her as per her certificates, as I suppose your letter to him of March last must have miscarried.

I find on examination of said records that a part of one of the record (Book C) in which marriage licenses were recorded has been torn or lost, from that book, which book contains marriages of a very ancient date, and it is very possible that **JOHN MCKENZIE**'s marriage, above referred to, was recorded on that portion of the book that was destroyed.

Sir,

The last session of congress passed a law extending pensions to the widows of Revolutionary Soldiers, Col. **JOHN MCKENZIE** joined the Army of the Revolution in 1776 at Portsmouth Virginia and was discharged 1792. He got a certificate of pension and drew the pay of a Colonel until his death which was about 3 years ago. His widow who was still alive drew what was due him at his death but has never drawn any since she wants to know whether she comes under the provisions of expanding pensions to widows or whether she would be entitled to draw pay as a widow and what is necessary to bring her within the provisions of the law if she is entitled to a pension please instruct me what steps to take to enable her to receive her pay for she needs help and if there is any thing due her she ought to have it.

Sometime in the year 1791 or 1792 Col. **JOHN MCKENZIE** had two Negroes to run away from her when he lived in the state of Georgia and went to the Creek Indians and were lost to him entirely. Congress appropriated money to pay for the Negroes and he received one thousand dollars at Millidgeville in Georgia some 15 or 16 years ago and some 6 or 7 years after then money was appropriated to pay the interest on such claims and that was forwarded to Millidgeville. But **JOHN MCKENZIE** did not apply in time, but when he did apply he was told that the money was sent back to the seat of government. I presume you are not the proper person to derive that information from, but as I had to write to you, you will please inquire at the proper office and find out if there is any money & how to proceed to the the same for his widow.

Please answer this as soon as possible.

Sir,

On the 15th April, as the agent of **MARTHA MCKENZIE**, widow of **JOHN**, (who was a Captain of Cavalry in the War of the Revolution), I filed a letter of authority from her, upon which I asked a re-examination of the claim, upon the ground that her husband's services, as a Captain of Cavalry for 2 years, would entitle his widow to the highest rate of pension, instead of the amount she now receives.

I know ask that a certificate may issue accordingly.

On this 23rd October 1846 personally appeared before me, **R. F. KING** acting Justice of the Peace in and for the said County, **JEREMIAH MCKENZIE** a resident of said County aged fifty three years the 6th day of November 1846 and makes out in due form of law that he is the first child of **PATSEY MCKENZIE** and her late husband Captain **JOHN MCKENZIE** of Carroll County Tennessee, deceased, who was a pensioner of the United States at the rate of \$480 per annum. That agreeable to the entry upon the original family record which was kept by and in the handwriting of the said **JOHN MCKENZIE** showing the date of their marriage and the birth of their children that agreeable to the entry upon said record this affiant was born the 6th day of November in the year seventeen hundred and ninety three (1793). The affiant further states that his mother the said **PATSEY MCKENZIE** did in the year 1843 or 1844 make application for a pension and writing of her late husband **JOHN MCKENZIE**, deceased, which declaration and paper was forwarded to the department by this affiant.

And this affiant further states that he was familiar with and has often examined said family record from his earliest recollection until some upwards of twenty years ago when said record was accidentally destroyed by being burned. That previous to its being burned this affiant copied therefrom the date of his own birth, as above stated, and about that time married and moved to himself. This affiant does not know when his father ever made out another record or not but recollects distinctly seeing his mother **PATSEY MCKENZIE** have an old worked sample upon which she had the date of her marriage worked in with a needle which sample this affiant has frequently seen in his mother's possession from his earliest recollection and has often heard her say that she was at work on said sample at the time she was married to this affiant's father **JOHN MCKENZIE** and that the date of the marriage as given on said sample was in the year 1792.

The affiant further states that since the application of his mother, the said **PATSEY MCKENZIE**, for a pension she has not into married but still remains the widow of the said **JOHN MCKENZIE**, deceased, and is still a resident of Carroll County Tennessee, though she spends a part of her time with some of her children in DeSoto County, state of Mississippi, where she is at this time on a visit although she is old very, infirm, having to be haled to and from.

GILBERT** who is named on the declaration his affidavit was left blank owing to his not getting to the town of hunting done till after the court had adjourned and it was thought by the man who had the management of the business that it would make no material difference, there for the papers were sent on from Huntingdon without his testimony not having heard anything from Washington on the fate of my claim as the widow of Colonel **JOHN MCKENZIE** under an act of Congress giving pensions to the widows of revolutionary soldiers and officers got **DR. WINN** to address a letter to the pension agent making inquiries about my letter and check the word letter and he also not receiving an answer hi again right you on the same subject making the same inquiry.

Judge **MILTON BROWN**

Dear sir

I claim your assistance on the back of my mother, the widow of my father Colonel **JOHN MCKENZIE**, late of Carroll County deceased. The family of which you are acquainted with, he was an old revolutionary officer and at his death was drawing a pension of \$40 per month and in September or October last brother **JOHN W. CROCKETT** through a declaration for my mother and the best proof she was unable to make as to the legality of the marriage of my father and mother which took place in the year 1792 in the state of Georgia near where Sparta is in Hancock County, but that County was not known at the date of her marriage. The county has been so subdivided since her marriage we cannot procure the license, if there wherever returned by the Justice of the Peace, whose name my mother States was **HUNTER**, we have made out the best evidence the nature of the case admits of and which **CROCKET** stated he thought would satisfy Sergeant **EDWARDS** on the subject, the records of the marriage by my father and the ages of the children is the best we can produce on the subject. I mailed the Declaration ? at Huntingdon, immediately, requested Sergeant **EDWARDS** on the envelopment to write me the issue but we have received no answer. As you are acquainted with the family and was with my father also, I would be thankful you would personally talk to Sergeant **EDWARDS** and write to me immediately. My old mother is needy and as much entitled to her pension under the act granting petitions and half pay to certain widows as you to any property you hold, I have no doubt. The Act was passed the 7th day of June 1832 and was approved July 7th 1838 it has been so long since the marriage all the old people nearly is dead. **AUNT GILBERT**, the mother of Sergeant **JOHN M. GILBERT** and **ROBERT GILBERT** near my father's old place in Carroll is the only people living that has any knowledge about it and her evidence was taken and forwarded please inquire into it of the pension agent and write to me it may be her declaration was miscarried by some means, and greatly obliged a needy widow as well as your humble servant.

Judge **MILTON BROWN**

J. W. CROCKET was very sanguine of success as to the petition, but no information has been received.

Sometime in the Autumn of 1843 Mrs. **MCKENZIE** widow of Colonel **JOHN MCKENZIE** deceased who had been for a considerable time a pensioner made the necessary proof to entitle her to a provision for certain day during life under an act of Congress all of which was sealed and directed to your office. It was mailed at Huntingdon, Carroll County Tennessee. She has not heard a word from the time it was mailed. She desires to know if her claim and proof was received at your office and if it was what disposition was made of it. She feels great anxiety about it as she is very old and needy. The Colonel, her husband, during his life through a pension of \$480 per annum acted as aid decamp to General **GREENE** at the Battle of Guilford in the Revolutionary War, was a good officer and a brave soldier during that memorable contest.

Proof of receipt of this please give the information as above and direct to my address at this place or to the old lady at Fleming's post office in this County. Her Christian name is **PATSEY (MARTHA)**.

On this 16th day of November eighteen hundred and forty six personally appeared before me, **RUFUS F. KING**, one of the acting justices of the peace in and for said County Dr. **SAMUEL WINN** resident of Weakley County Tennessee, aged 51 years and makes oath, in due form of law, that he was well acquainted with Captain **JOHN MCKENZIE** and his wife **PATSEY MCKENZIE** of Carroll County Tennessee. That his first acquaintance with them was in the state of Georgia about thirty three or four years ago. That had that period, the said **JOHN** and **PATSEY MCKENZIE** was living together as man and wife having several children, the oldest of which was **JEREMIAH H. MCKENZIE**. That this affiant being well and intentionally acquainted with said family, living a part of the time in the same house with them, recollect that himself and the said **JEREMIAH H. MCKENZIE** has frequently conversed together about ages their ages and always understood from the said **JEREMIAH** and his father and mother he said **JOHN** and **PATSEY MCKENZIE** that the said **JEREMIAH H. MCKENZIE** was some two years older then this happened and further recollect seeing and frequently examined whilst conversing about our ages the old family record of the said **JOHN MCKENZIE** and that the date of their first child the said **JEREMIAH H. MCKENZIE** was in the year 1793 and also recollect that the date of the marriage of the said **JOHN** and **PATSEY MCKENZIE** was entered on the record which was in the Years 1792. This happened further States that somewhere about the year 1818 whilst he was at the house of the said **JOHN MCKENZIE**, he having removed from the state of Georgia to Maury County Tennessee, during the night, whilst I was there, a box or trunk by accident took fire which created considerable alarm. This affiant understood at the time that their family bible which contains said record with a number of other books and papers were burnt and have frequently heard them speak of it since. This affiant further states that sometime after this occurrence the said **JOHN MCKENZIE** removed from Maury County to Carroll County Tennessee where he remained until he died which was sometime in the year 1842. That previous to his death he was a pensioner of the United States at the rate of \$40 per month and he believes that since his death his widow said **MARTHA** has not enter married but still remains his widow in right of her said husband that he knows of no family he has been as intimate with for the last thirty years as he has been with the set **JOHN MCKENZIE**'s who has raised a large family of reputable children and he has no doubt upon a comparison of the age of the oldest child, the said **JEREMIAH H. MCKENZIE**, with his own that the said **JEREMIAH** must be fifty three years old.

Personally came Capt. **BENJAMIN GILBERT** of Weakley County and State aforesaid & being duly sworn on the Holy Evangelist of Almighty God deposes and saith that he, this deponent, was at a general muster in Campbell County in the State of Virginia some time in the old Revolutionary War and then and there saw Col. **JOHN MCKENZIE**, whom I had no acquaintance with nor had ever seen him before. I understood he was a recruiting officer from the South and on the recruiting service and appeared very [illegible] on that subject and was dressed in a military uniform and wore a sword, I recollect, and bore the title of Capt. There he met with some gentlemen of his acquaintance that was from Portsmouth, or some place in that quarter where our Army lay, and they appeared to meet with great satisfaction and had formerly been in the Army together and report said that **MCKENZIE** been in the service of his country most all the Revolutionary War. I heard my brother Capt. **MICHAEL GILBERT** say after the Battle at Guilford that he saw Capt. **MCKENZIE** in that Battle And that he had got badly [illegible] there in the battle and lost his Negro boy and portmanteau and all his clothes & horse worth thousand dollars, he said. Then I recollect when the war was over this deponent removed to the state of Georgia and resided in the same County where Col. **MCKENZIE** lived, who was a member to the General Assembly and acted in the Commission of the peace and as Col. of a regiment of militia, and then a judge of a County Court, and a man of worth and of good property, and of late, it is said, by his being security he has got nearly broke but, the great length of time and not ever expecting to be called on in a case where I am in no wise interested has obliterated from my recollection a number of circumstances that might be more pertinent to the case. And this Deponent further saith not.
